

# Modular Buildings

*"Innovative Modular Solutions"*

by **Eagle Companies**

[www.eaglemodular.com](http://www.eaglemodular.com)

**309-686-9054**

Since 1989 Eagle has been manufacturing heavy duty custom modular facilities for customers around the globe.

Engineered to meet the highest level of environmental demands, and personal safety with the same comforts of working at home.

**12' x 54'**  
**Control Center**  
Customer: Battelle Corp.

Location:  
Dugway Proving Ground, Utah USA

## Applications

**Control Center**  
**Field Office**  
**Chemical Storage**  
**Guard/Safe House**  
**Laboratory**  
**Detention Housing**  
**Mobile workshops**  
**Classrooms/Kitchen**

**Precision Workshop**  
Customer: Edwards Life Science  
Location: Dominican Republic

**Stacked Control Center**  
Customer: Entergy Nuclear Power Plant  
Location: Buchanan Nuclear, NY

**24' x 54' x 12' - 10,650 square foot**  
Double wide construction with clear span capacity allows for open floor plan configuration.

## Testimonial

"Eagle was able to meet our schedule and delivered more than what we expected."

**Henry Mackay-Entergy Nuclear Power Station**  
**Buchanan, New York**

"There has to be a Cadillac emblem on this unit somewhere."

**Carl Sweetland,**  
**Raytheon-Range Systems Engineering**  
**Wake Island Missile Base**

**Quick connects**  
making setting  
fast and accurate.

# Custom Applications

Environmental  
Pollution Solution

309-686-9054

Customer: General Electric Rail Div.

[www.hazardouschemicalstorage.com](http://www.hazardouschemicalstorage.com)

## Testimonial

**Bechtel National, Inc** wishes to thank the Eagle Companies for their exceptional performance in support of the Aberdeen Chemical Agent Neutralization Facility project. In the wake of September 11, the rapid construction of a facility to destroy a mustard agent stockpile at the Aberdeen Proving Ground became a matter of National security.

The Eagle Companies met the requirements with delivery of a building that met all requirements. I will most certainly recommend The Eagle Companies to buyers who require your product line on other projects

**Janet L. Vail**  
Deputy Project Procurement Manager

## Power Generation

University of Nebraska Polar Ice Cap Project  
Location: North Pole Prudhoe Bay, Alaska

## Application

### Agriculture and Hazardous Chemical Storage

[www.chemicalstoragebuilding.com](http://www.chemicalstoragebuilding.com)

I would like to thank Eagle Companies for their superior work in supplying the City of Casper with their chemical storage building unit with spill well containment area and sump. They have provided a quality product and been great to work with in the design and manufacturing process. And the turn around was much faster than anticipated.

City of Casper , Alex Sveda, E.I.T.

## Communications

### “Beautiful”
